## **Goschka announces Saginaw transportation grant**

**LANSING** — Sen. Mike Goschka, R-Brant, on Monday announced \$340,000 in grant money for road work in the city of Saginaw.

The money comes from the state's Transportation Economic Development Fund. The funds will be used to reconstruct Weiss Street from Michigan Avenue to Carrollton Road as well as reconstruct and make improvements to Center Street from King Street to the Schenck Bridge.

"I have advocated long and hard for these important and needed projects," Senator Goschka said. "As a member of the Senate Transportation committee, I am proud to have worked closely with MDOT to secure the funding. I drive these same roads almost every day and I know the need first hand."

The TEDF was created to assist in the funding of highway, road and street projects necessary to support economic growth. Agencies eligible to apply for TEDF funds are the Michigan Department of Transportation, county road commissions, and city and village streets departments.
